MORE THAN LEGAL BUSINESS

Introduction

Arcadia Advocates is a partnership of five advocates assisted by several legal associates serving numerous clients in Uganda and the world over. Since our set up, we have served several individuals and clients in diverse sectors, ranging from profit-oriented concerns to welfare based, international and national NGOs and Government agencies. Our strength is in understanding our clients' needs and finding the suitable solutions.

The founding partners; Francis Gimara, Sylvester Henry Wambuga, Isaac Bakayana, Robert Bautu and Paul Kuteesa despite having practiced successfully as individuals in the past felt that the needs of their clients would be better served if they brought their practices under one roof.

The set up at Arcadia Advocates is without a doubt a response to the demands from clients who want to receive quicker, specialized and quality legal services under one roof.
